For more in-depth product and nutritional information please visit our Goat Chow website at <http://www.goatnutrition.com>.

	<p><b>Purina Mills Goat Chow® (5501)</b></p> <p>Research Proven for Health &amp; Vitality of all breeds of goats</p> <p>A highly palatable supplement of corn, oats, barley and nutritious pellets in a coarse, sweet feed. Purina Mills Goat Chow® is fortified with all the essential vitamins and minerals, such as selenium, Vitamin E, and cobalt and provides 16% all natural protein. Goat Chow® can be fed to dry does, growing does, bucks, Pygmy goats, Show goats and as a milking ration.</p>
	<p><b>Purina Mills Show Chow® Goat Ration (55F5)</b></p> <p>Creates Winners!</p> <p>A 16% protein, nutritionally complete balanced diet with proper vitamin and mineral ratios to promote strong, healthy Show goats and Pygmy goats. Purina Mills Show Chow® Goat Ration's mineral ratios and urinary acidifier help reduce the formation of urinary calculi in your goats. Available with Decoquinat* (55F5).</p>
	<p><b>Purina Mills Meat Goat 16 DQ (55U7)</b></p> <p>Research Proven for Health &amp; Vitality of your meat goat</p> <p>A 16% crude protein, complete pelleted feed intended for high-production meat goats. Use as a creep feed for rapidly growing young animals prior to weaning. Designed for growing goats (30 pounds to market) and to help condition animals prior to breeding. Available with Decoquinat* (55U7) medication option to prevent coccidiosis.</p>
	<p><b>Purina Mills Goat Mineral (5509)</b></p> <p>Our research team has developed Purina Mills Goat Mineral - a unique supplemental feed - to ensure a healthy diet for goats of any age or breed.</p> <p>Our formula is expertly balanced to overcome the variation in mineral content found in natural forage. Whether you are feeding a few goats or an entire herd, Purina Mills Goat Mineral provides the consistent nutrition to help your goats reach their full genetic potential.</p>
